

The scope of GHG emission-related performance data in this form includes 100 operating hotels that have been in operation for at least one full calendar year and the Averdeen Marina Club in Hong Kong SAR.

The Group's development programmes, property rentals and property sales are not within the scope of this report. Our newest hotels, Shangri-La Zhoushan and Shangri-La Putian, opened in Mainland China in January and December 2020, respectively. These properties will be incorporated into the scope of next year's reporting cycle.
